NOTICE**Subject: Enrollment for Certificate Course in VLSI Design and Technology**

We are pleased to announce the introduction of a new certificate course titled "**VLSI Design and Technology**" offered by the Department of Electronics. This course aims to provide students with advanced knowledge and practical skills in the field of Very-Large-Scale Integration (VLSI) design.

Key Highlights:

- Comprehensive understanding of VLSI design principles and technologies.
- Hands-on experience with design tools and methodologies.
- Preparation for advanced studies or careers in electronics.

Students interested in enrolling for this course are requested to contact Head of the Electronics Department, for further details and registration.

We encourage all interested students to take advantage of this opportunity to enhance their skills and knowledge in a rapidly evolving field.

NOTICE

Subject: Certificate Course on "Quantum Mechanics and its Applications"

Attention Students,

We are excited to announce a new certificate course titled "*Quantum Mechanics and its Applications*" offered by the Department of Physics. This course is designed to provide an in-depth understanding of quantum mechanics and its various applications in contemporary science and technology.

Course Details:

- Title: Quantum Mechanics and its Applications
- Duration: 32 Hours
- Course Content:
 - Introduction to Quantum Mechanics
 - Mathematical Framework: Wave Functions, Schrödinger Equation
 - Applications in Quantum Computing, Quantum Cryptography, and Nanotechnology
 - Practical Laboratory Work and Case Studies

Interested students are encouraged to contact Head of the Department of Physics for admission and further information. Please ensure that you register as soon as possible to secure your place in this valuable course.
