**Policy Document for Measuring Attainment Levels****Introduction:**

Late Bhimrao Chavhan Arts & Science College, Chavhanvadi, is committed to ensuring that the learning outcomes of its students are effectively met. The college has established a robust framework for measuring the attainment levels of Course Outcomes (COs), Specific Program Outcomes (SPOs), and Program Outcomes (POs) across all courses and programs. This framework incorporates Maslow's Hierarchy of Needs theory, a seven-scale measurement system, and graphical representation to provide a comprehensive assessment of student achievement.

Objectives:

To systematically evaluate the attainment levels of COs, SPOs, and POs for each course and program.

To use Maslow's theory as a guiding principle in understanding students' needs and motivation.

To identify and address any gaps in attainment levels through counseling and remedial measures.

To employ a seven-scale measurement system and graphical representation for accurate and visual tracking of progress.

To ensure continuous improvement in academic performance through structured intervention and support.

Scope:

This policy applies to all academic programs offered at Late Bhimrao Chavhan Arts & Science College, Chavhanvadi. It encompasses the evaluation of COs, SPOs, and POs for each course, identifying attainment levels, addressing gaps, and implementing remedial actions.

Practice:

Measurement of Attainment: Attainment levels are measured using a five-point scale:

5 (80-100%),

4 (60-79%),

3 (40-59%),

2 (20-39%),

1 (0-19%).

Maslow's Hierarchy of Needs theory is integrated into the assessment process to ensure a holistic understanding of student motivation and performance.

Graphical Representation: Attainment levels are graphically represented to provide clear insights into student progress and identify areas of concern.

Counseling and Remedial Measures: When gaps in attainment are identified, students undergo counseling sessions. If necessary, parent counseling is also arranged. Extra remedial classes are provided to help students meet the desired attainment levels.

Continuous Monitoring: The attainment levels are continuously monitored and reviewed to ensure that students achieve their academic goals.

Outcomes:

Enhanced understanding of students' attainment levels across courses and programs.

Timely identification and intervention in areas where students are struggling.

Improved overall academic performance through targeted support and counseling.

Better alignment of student outcomes with institutional goals.

Conclusion:

The policy for measuring attainment levels at Late Bhimrao Chavhan Arts & Science College, Chavhanvadi, underscores the institution's commitment to academic excellence. By employing a systematic approach that integrates Maslow's theory, a seven-scale measurement, and graphical analysis, the college ensures that each student's academic journey is closely monitored and supported. This policy not only facilitates continuous improvement but also empowers students to reach their full potential.
