Activity Report: ICT/Computing Skills - Cybersecurity Awareness Session

Date: March 28, 2023

Participants: 50

Introduction:

With increasing cyber threats, this session aimed to educate students on cybersecurity practices, data protection, and safe online behavior.

Aims and Objectives:

- To raise awareness about cybersecurity threats.
- To teach best practices for online safety.
- To provide knowledge about secure password management.
- To educate students on phishing and malware threats.

Importance:

Cybersecurity knowledge is essential for protecting personal and professional data from cyberattacks.

Functions:

- Expert-led discussions on cybersecurity risks.
- Demonstrations of safe browsing techniques.
- Interactive case studies on cybercrimes.

Details of Activity:

The session included real-world case studies, hands-on exercises, and a Q&A segment, ensuring students understood the risks and protective measures.

Conclusion:

The session was highly informative, empowering students with knowledge to safeguard their digital presence.
